

## Spirit Child

*Would you have been Jarrick Matthew,  
If I'd been allowed to hold you?  
Would you've been Danika Jean,  
If your face I could have seen?  
You'll always be my spirit child.*

*Would you've been an athletic star  
Would you've driven in Nascar?  
Would you've learned to fly a plane,  
Would you've been a star of fame?  
You'll always be my spirit child.*

*Would you've traveled 'round the world,  
In a boat with sails unfurled?  
Would you've found medical cures,  
In a world where pain endures?  
You'll always be my spirit child.*

*Would you have learned to sing,  
A wondrous melody you'd bring.  
Would you have brought peace and joy,  
To every living girl and boy?  
You'll always be my spirit child.*

*I do not know what you'd have done.  
I do not know the things you'd won.  
I do not know the lives you'd touch.  
But I know I loved you very much.  
You'll always be my spirit child.*
